Luisa Millan established Fabulous Cake Couture in 2010, a creative, custom-cake company located in Miramar, Florida, serving all of South Florida.

“Fabulous Cake Couture focuses on custom cakes that are designed to reflect the personal style and taste of each of its customers,” says Luisa. “Exceeding expectations is seen as a challenge and pushes the team to think beyond existing boundaries. The result is a delectable and unique spotlight sure to shine at any event.

“With a background in architecture and design, I am able to translate space and structure into a delicious piece of artwork,” she says. “My background is the ideal merging of artistry and passion.

“Our sculpted, three-dimensional cakes, as well as tiered-cake creations, are truly one of a kind. Our cakes are freshly baked from quality ingredients and in a variety of delicious flavor combinations. Additionally, our creative ideas extend to custom cupcakes and cake pops for all events.” ■
